

FIGHT

Humans are in seed stage, they have to grow and become tree. If seed dies as a seed, it means it died without development. Also if seed won't develop then it means it is nearing death. So either you have to develop or you have to die, there is no other alternative.

Seed may die in two ways: seed may die without development or may die to develop, means as a seed it dies and take birth as tree. So dying to develop becomes the entrance to live for long time. Dying to develop means dying to born in higher state than the present state, you will disappear in one dimension and appear in another higher dimension.

The process of dying as matter and taking rebirth in soul should happen daily or leader should born as said in "Inner Journey" topic. Means become pure or die in known state and reborn in unknown state. Here known means matter and unknown means Soul. When unknown becomes known form, then it also becomes matter. Matter means form, means ego. So in this illusory world you as kinder Soul or as doer or as an actor playing many roles should die and again should reborn daily as formless or as leader or as witness or as director.

In this way, dying in known state and taking rebirth in unknown should happen continuously, then only development is possible. Always remember here that it's not the body, but its kinder Soul who is residing in the body should be ready for death.

Keep it in mind that - using trigunas, persons and remaining things in this illusionary world as an instrument or as a vehicle, find the permanent home within; and then daily transform all worldly things into pure and entering permanent home should become your aim.

So now question arises how to die and take rebirth? Daily you desire many things. For example when you desire to do any good work, then 100% energy will not be received by good only, bad and neutral will also receive energy. That's why immediately after putting desire, fear of uncertainty of manifestation also starts.

As said in "Dharma" topic depending on gunas mixture within, for example if 60% good, 30% bad, 10% neutral is there, then opposites attract energy accordingly. This mixture will not be equal for everyone. Clearly we cannot say the ratio for each individual, also this ratio will change according to situations. Then by doing saadhana or practice, try to make this mixture to be in equal proportions. When this mixture reaches equal proportions within, then you will experience the ultimate bliss.

Also understand that if you desire anything then definitely its related opposite roles are also created. Means if you desire to become good guru, unknowingly you also desiring bad and neutral gurus; also you are desiring good-bad-neutral student roles. That why guru feels, three types in each student and student feels three types in each guru. So understand that everything is happening according to your desire, so I created

this desire, till now I only nourished it, so now destroying responsibility is also mine and destroy all three roles relating to your desire, means all guru roles and student roles and make them pure.

By creating battle or friendship among opposites, we can destroy them. For this what you have to do is - experience symptoms related to desire divinely and decide that with the help of the experience related symptoms you will die and take rebirth as Leader. Then create friendship among opposites and make them into one, for more information related to this, read the topic "Inner journey."

But some roles won't co-operate for friendship, because they were desired and created when there was enmity between good-bad-neutral. So they were programmed in that way, that's why they know only fighting. That means when you were not following newenergy concept, you were in a state where you felt opposites as enemies and continued relationship with those roles, that's why they are not ready for friendship at any cost. They will disturb your meditation also. Even if you request them that I will surrender, so cooperate and make me pure, then also they will not agree. Except fighting they will not agree for anything. Also because of their influence if you are effected or confused means, there is defect in you also, means here you are also stuck in a role, so you are impure.

So after becoming pure by doing 'melt' saadhana, within fight with all roles including your past role and destroy all opposites. By doing like this, destructed energies transform into pure energies and will be utilised for your future desires.

But you may have doubt that energy neither can be created nor destroyed. My answer to this is – energy is not destroyed completely, we are transforming formed energy into pure by dealing harshly instead of love. And one more doubt you may get, yours is new energy concept, means can we create new energy? My answer is, God has pure energy in infinite quantity, I am naming this as new energy and it is available to you only when you become pure.

Saadhana

For example if husband is listening his brother's words without caring wife's words. In that situation the wife should do this saadhana – You are listening your brother's words without listening me. I have understood that with my words you are not getting kick, that's why you are not listening my words. So I will come out from wife-role, I will be neutral and I accept you as you are, without trying to change you. You also accept the wife-role. Like this assume within and try to create friendship among those roles. Or try to become pure with their co-operation.

Suppose if those roles doesn't co-operate – then sit alone, do within like this: support wiferole then fight with husband and neutral roles, support husbandrole then fight with wife and and neutral roles, support neutralrole then fight with husband and wife roles. In this way supporting one side, destroying others, finally become pure kindersoul and at-a-time destroy good-bad-neutral opposite's. Because these have

born at-a-time from pure energy. So they grow together, and they die together at-a-time and again merge in pure energy.

Understand here that, it's impossible to possess only one opposite, and always three opposites remains. Always opposites get energies through meditation or sleep. So even if one opposite becomes weak, again it attracts energy and fighting continues. There is no guarantee that, energy is always high towards your favourite side, so both success-failure will be there. Suppose staying favorite side even if you always win through fighting, then you never reach God, you will stuck in maaya. So solution for this is destroying all opposites through fighting or uniting three opposites.

Do fight within by keeping these things in mind - Creation is happening within you, you have played all types of roles in your past lives, you have completed all types of experiences, you took this life especially to transform all past experiences into pure and get salvation, and you are fighting with your past life roles. But if you feel that you can't fight, then to take rebirth in Soul state do melting saadhana, said in melt topic.

After staying with soul for some time, come back into your body. Then new human will enter into the body, because you understand death. You found Soul dimension which is beyond body. So after having every experience enter into God kingdom, then only you will become expert in travelling both dimensions. You will get confidence that God's kingdom is always available. Since solution to all worldly problems is available with God, if you ask God and follow his advise, independently you can solve your problems and live blissfully.

In this way daily make everything pure through fighting or through friendship, then do meditation and before opening eyes desire like this – I will stay friendly with opposites or in every situations and with everyone I stay purely or continuing as director I play all types of roles or desire anything you feel and then open your eyes after sometime. In this way use your creativity, transform all your past experiences into pure experiences, by dying and rebirthing again and again in the same body. Only then past influence will not be there on present. Then only you will go beyond karmic law.

DONATIONS

Anyone inspired by new energy concept or whoever wants to donate, please deposit in the following bank account. Your help will encourage us in spreading this concept to huge people. Name: P. Sreedhar; State bank of India, Saving bank account number: 30603897922.Branch-name: Hanumakonda; City: Hanumakonda, Warangal District, Telangana, India. IFSC Code: SBIN0003422.
